## PROFILE

---

Computer Science undergraduate at Federal University Dutse (expected 2028) with hands-on frontend development experience using JavaScript, React, Next.js and Tailwind CSS. Builds and deploys practical web projects, including interactive frontend experiences and Supabase-backed applications. Completed training in frontend development and AI prompt engineering, and is currently developing stronger Python, data science and machine learning foundations.

## TECHNICAL SKILLS

---

**Frontend:** HTML, CSS, JavaScript, React, Next.js, Tailwind CSS, responsive design

**Backend & Data:** Supabase, PostgreSQL, API integration

**Motion & 3D:** GSAP, Three.js, React Three Fiber (project use)

**AI & Data:** Prompt engineering; Python, Pandas, data science and machine learning foundations (developing)

**Tools & Deployment:** Git, GitHub, VS Code, Vercel

## SELECTED PROJECTS

---

### Interactive Developer Portfolio | *Personal Project*

Built a Next.js portfolio with a semantic Three.js/React Three Fiber knowledge graph, GSAP scroll interactions, a Gemini-powered portfolio Q&A assistant, and a Supabase-backed contact workflow; deployed on Vercel.

**Tech:** Next.js, React, Tailwind CSS, Three.js, React Three Fiber, GSAP, Supabase, Gemini, Vercel

### LANVINS OFC | *Frontend Project*

Developed a responsive fashion web experience focused on visual hierarchy, interaction and motion, with a live Vercel deployment and public GitHub source.

**Tech:** React, Vite, Tailwind CSS, Framer Motion

### The Unleash Tribe Check-in | *Full-stack Project*

Built an MVP accountability web application to replace manual WhatsApp daily check-ins, connecting a JavaScript frontend to Supabase/PostgreSQL and deploying the project on Vercel.

**Tech:** HTML, CSS, JavaScript, Supabase, PostgreSQL, Vercel

### VolunteerBridge | *Team Capstone Project*

Contributed to a collaborative volunteer/NGO management platform, gaining experience working within a shared codebase and team delivery process.

**Tech:** JavaScript, frontend development, team collaboration

## EDUCATION & TRAINING

---

**B.Sc. Computer Science** | Federal University Dutse (FUD), Nigeria | *Expected 2028*

**Frontend Development Certification** | TechCrush | *Completed*

**AI Prompt Engineering Program** | TechCrush | *Completed*

**Data Science Scholarship Program** | TechCrush | *Ongoing*

**Intro to Python** | Kaggle | *Ongoing*

## COMMUNITY

---

Member, Machine Learning Collective Africa (MLC Africa)
